## REAL CUSTOMERS. REAL ISSUES. REAL SOLUTIONS.

“We have used Electronet Broadband Communications for internet access for years. Our previous phone provider was a national company that was not servicing our needs. We contacted Electronet to inquire about their business bundle solution. They bundled our voice, long distance and internet plus built fiber into our building. We have enhanced our performance and reduced our costs. We would recommend Electronet highly to any business searching for a *local* choice for their business communications needs.”
